Guidance Information for 2022 Standards

This document provides guidance to program directors on implementing and documenting compliance with the ACEND 2022 Accreditation Standards. The document includes the types of information to be included in the self-study narrative, types of exhibits to include in the self-study appendix and additional materials that should be available on site for the review team. Programs applying for candidacy for accreditation are expected to provide all information as described in Guidance Information except where specifically noted.

ACEND staff members are available to provide consultation, guidance and support on meeting ACEND's accreditation standards, policies and procedures. Please email ACEND@eatright.org or call (312) 899-0040 extension 5400.

Acronyms used in document:

ACEND: Accreditation Council for Education in Nutrition and Dietetics

CP: Nutrition and Dietetics Coordinated Program

CDR: Commission on Dietetic Registration

CNDT: Competency for Nutrition and Dietetics Technicians

CRDN: Competency for Registered Dietitian Nutritionists

DI: Nutrition and Dietetics Internship Program

DPD: Nutrition and Dietetics Didactic Program

DT: Nutrition and Dietetics Technician Program

FDE: Foreign Dietitian Education Program

FTE: Full Time Equivalent

ISPP: Individualized Supervised Practice Pathway

KNDT: Knowledge requirement for Nutrition and Dietetics Technicians

KRDN: Knowledge requirement for Registered Dietitian Nutritionists

SLO: Student Learning Outcomes

NOTE: For any program offering an ISPP, refer to *2022 ISPP Guide for Reports* in [Appendix D](#) for additional guidance.

Additional Appendix Evidence for Candidacy Programs: The United States Department of Education's revised criteria state that accreditors must require candidacy programs to submit a teach-out plan to ensure that enrolled students would be able to complete program requirements if the program did not achieve full accreditation or voluntarily withdrew from accreditation. A teach-out plan must be submitted with the self-study report as an appendix. ACEND has developed a [Teach-Out Plan Template](#) that can be found on the ACEND website for you to document the proposed program's teach-out plan.

Changes and clarifications to the Guidance Information Document (April 2023)

RE 1.1 – Clarified expectations for candidacy programs to describe status of program approval process.

RE 1.3 – Clarified purpose of resources for continued development and training for program faculty, preceptors and staff.

RE 1.4 – Clarified expectations for programs to describe status of degree approval process.

RE 2.1 – Clarified narrative for Program Evaluation Plan.

RE 3.1 – Moved RDN/NDTR Required Components Checklist template(s) from appendix evidence for RE 3.2 to RE 3.1.

RE 4.1 – Moved on site examples of evidence of the process that is done to track student/intern achievement of the core knowledge and/or competencies from RE 4.2 to RE 4.1.

RE 5.1 – Clarified expectations for programs applying for candidacy regarding adequate preceptors, preceptor roster and onsite evidence.

RE 6.1 – Clarified expectations for programs applying for candidacy regarding onsite evidence.

RE 8.1 – Clarified expectations for policy on equitable treatment.

Glossary – updated the definition for distance education, Nutrition and Dietetics Internship Program (DI) and onsite.

Appendix C: ACEND Document Retention Procedures – updated the Verification Statements for Program graduates' policy.

Changes to the Guidance Information Document (June 2023)

Glossary – updated the definition for regular and substantive interaction and removed remote site.

Changes to the Guidance Information Document (February 2024)

RE 1.1 – Clarified USDE requirements for free-standing DI programs regarding state authorization to function as an educational institution.

RE 1.4 – Clarified expectations for programs with an associated graduate degree and when programs accept students/interns with a graduate degree previously earned.

RE 1.6 – Clarified expectations to include clinical as a major rotation for programs with supervised practice leading to the RDN credential.

RE 1.7 – Clarified narrative and appendix requirements for free-standing DI programs related to Title IV financial aid.

RE 2.1 – Moved examples of tools used to collect evaluation data from appendix evidence for RE 2.2 to RE 2.1. Clarified expectations for program completion objectives for programs with different program lengths.

RE 3.1 – Moved narrative on how curriculum facilitates achievement of learning objectives and expected depth and breadth from RE 3.2 to RE 3.1. Moved examples of completed student or intern projects as evidence of breadth and depth in the curriculum and educational approaches to onsite evidence for RE 3.2 to RE 3.1.

RE 3.3 – Clarified requirement to include learning activities that prepare students/interns for practice to implement the Nutrition Care Process with high acuity conditions for programs with supervised practice leading to the RDN credential.

RE 5.1 – Clarified expectations for programs applying for candidacy regarding adequate preceptors and the onsite evidence.

RE 6.1 - Clarified expectations for programs applying for candidacy regarding onsite evidence.

RE 7.3 – Clarified expectations for policies of prior assessed learning and the website.

APPENDIX D – 2022 ISPP Guide for Reports – Updated description for RE 1.4 to clarify that programs must only accept students with a doctoral degree into the ISPP option.

APPENDIX A: GLOSSARY

Accelerated Degree Program	Programs that allow students to start the program at the undergraduate level and complete with at least a graduate degree.
Accreditation	A voluntary, non-governmental system of evaluation which includes a self-study report and an on-site evaluation by peer reviewers that is used to verify the quality of service provided by academic programs and institutions and to protect the public interest.
Accreditation Action	Any decision made by ACEND affecting the accreditation status of a program. These actions are: 1) grant pre-candidacy, 2) grant candidacy, 3) grant accreditation, 4) continue accreditation, 5) continue accreditation on a reduced term, 6) place on probation, 7) withdraw accreditation, or 8) deny candidacy or accreditation. See the ACEND Policy and Procedure Manual for further details about each accreditation action.
Accreditation Rating	A rating (meets or does not meet) used for evaluating program compliance with ACEND Standards.
Accreditation Term	The maximum amount of time that ACEND allows programs to remain accredited. ACEND has a 7-year accreditation term.
ACEND®	The Accreditation Council for Education in Nutrition and Dietetics is recognized by the US Department of Education as the specialized program accrediting agency for education programs in nutrition and dietetics. ACEND operates administratively autonomously from the Academy of Nutrition and Dietetics.
ACEND Board	The governing unit of ACEND that grants final accreditation awards.
Additional Evidence Needed	A rating used for evaluating compliance with ACEND Standards that indicates that one or more compliance problems with an ACEND Standard have been identified, and that the program needs to provide more explanation or documentation to demonstrate compliance.
Affiliation Agreement	A legally binding document between an education program and a person or organization, who is providing supervised-practice or experiential learning experiences, which delineates the responsibilities of all parties and the relationships between them.
All Required Evidence Provided	A rating used for evaluating compliance with ACEND Standards that indicates there is sufficient evidence to demonstrate that the program meets the Standards.
Alternate Experience	An activity that resembles or imitates real-life work experiences through guided, participative experiences that evoke or replace substantial aspects of the real world in a fully interactive manner. It is used to demonstrate competence and measure learning.
Appeal	The right and process available to a program or institution for a review of an adverse action.
Case Study	Written scenario based on realistic experiences and data that can be used to demonstrate competence in a particular area, by requiring solutions to problems that involve recommending appropriate strategies for resolving the problems, weighing the pros and cons of options or strategies, and formulating a rationale for the final resolution.
Clinical Workflow	The sequence of processes that are performed within a healthcare establishment, including both administrative and clinical work. For example, it could be: a) the workflow between a doctor, dietitian or patient/client or the workflow performed during a patient/client visit, or b) the workflow of healthcare information in electronic or paper formats among people at a clinical practice.
Code of Ethics	A formal statement of the values and ethical principles guiding a profession outlining commitments and obligations of the practitioner to patients, clients, society, self and the profession.
Commission on Dietetic Registration (CDR)	The credentialing agency, recognized by the National Commission for Certifying Agencies, who serves the public by establishing and enforcing standards for

certification/recertification for professionals in nutrition and dietetics and issuing credentials to individuals who meet these standards.

Competence	An individual's skills and abilities.
Competency	Synthesis of knowledge, skills, abilities, behaviors and other characteristics an individual must demonstrate in order to function successfully in practice; Performance of skills, abilities and behaviors that are used as a predictor of professional performance.
Competency Assessment	The process of evaluating student demonstration of mastery of required competencies.
Compliance	The extent to which a program or institution conforms and adheres to accreditation standards.
Combined Program	A program that combines an ACEND accredited program, such as a nutrition and dietetics internship, with another non-ACEND accredited programs such as a master's degree program.
Computer Assisted Learning (CAL)	Any use of computers to aid or support the education or training of people. CAL can test attainment at any point, provide faster or slower routes through the material for people of different aptitudes, and can maintain a progress record for the instructor.
Concentration	An area of program focus, within the context of the mission and goals of the program, which builds on the core knowledge and competencies and begins to develop additional depth necessary for future proficiency in a particular area.
Coordinated Program in Dietetics (CP)	<i>(see Nutrition and Dietetics Coordinated Program)</i>
Core Knowledge and/or Competency Assessment	The process of evaluating student demonstration of mastery of required core knowledge and/or competencies.
Credentialing	The formal recognition of professional or technical competence through registration, certification or licensure.
Critical Thinking	The ability to objectively analyze and evaluate information gathered from, or generated by, observation, experience, reflection, reasoning, or communication to form beliefs and guide action about an issue or situation.
Cultural Competence	Understanding, appreciating, and working with individuals from cultures other than one's own while reflecting a self-awareness and acceptance of cultural differences, knowledge of other's culture, and adaptation of interpersonal skills to interact effectively.
Didactic Instruction	Teaching approaches that rely on information being provided to students in a structured manner through a second-hand source such as a teacher, readings or other media rather than through demonstration, laboratory or other forms of experiential learning.
Didactic Program in Dietetics (DPD)	<i>(see Nutrition and Dietetics Didactic Program)</i>
Dietetic Internship Program (DI)	<i>(see Nutrition and Dietetics Internship Program)</i>
Dietetic Technician Program (DT)	<i>(see Nutrition and Dietetics Technician Program)</i>
Directing	Setting outcomes, defining results, providing resources and overseeing managers who will help assure the objectives are achieved.

Distance Education	Delivery of didactic courses in the professional curriculum where students are physically separated from instructors and learning synchronously or asynchronously through live or recorded media. “There must be regular and substantive interaction between students and instructors for a course to be considered distance education and not a correspondence course.” (USDE)
Effective Leadership	When an ACEND-accredited program is well managed, including that data are collected, students/interns are taken care of and responded to in a timely manner, and review of program documentation is completed.
Entry-Level	The term used to specify performance expected of the nutrition and dietetics practitioner in the first three years of practice.
Evaluation Team	(see <i>Program Reviewers</i>)
Evidence-Based	Using documented scientific evidence to inform professional practice.
Evidence-Informed	Using the best available research and practice knowledge to inform professional practice.
Experiential Learning	An approach to learning that relies on students obtaining knowledge and skills through direct experience usually outside of the classroom in real-world settings, includes reflection and self-analysis, and provides opportunities for students to learn from their success and mistakes.
External Stakeholders	Individuals not directly involved in an education program, such as employers of graduates, nutrition and dietetics practitioners, professionals from other disciplines and communities of interest and other program directors.
Foreign Dietitian Education Program (FDE)	An education program, located in a country outside of the US, that provides the required nutrition and dietetics coursework and at least 700 hours of required supervised practice experiences with a minimum of 500 hours in professional work settings (a maximum of 200 hours in alternate supervised experiences), in the country in which the program is located, to meet ACEND’s core knowledge and competency requirements to become a credentialed practitioner. A verification statement is issued to individuals who successfully complete the program as evidence of eligibility to apply for a US-based supervised practice experience in order to be eligible to take the CDR credentialing examination.
Formative Assessment	Evaluation of student learning at particular points in time during the instructional period, such as the midpoint of the activity. A primary focus of formative data is to identify areas that may need improvement prior to completion of the instructional unit or program.
Free-standing Dietetic Internship Program	ACEND-accredited free-standing Dietetic Internship (DI) programs are those that are located in hospitals, county boards of health, other health facilities, school systems and existing ACEND-accredited business entities or publicly- or privately-held corporations. DI programs located in institutions that are recognized by the US Department of Education to establish Title IV eligibility are not considered free-standing; such as DI programs located in colleges or universities, and programs located in medical centers recognized as higher education institutions and accredited by a regional or national accreditor.
Future Education Model Graduate Degree Program (GP)	A graduate degree level education program that provides the required nutrition and dietetics coursework and supervised experiential learning to meet ACEND’s competency requirements to be eligible to become a Registered Dietitian Nutritionist (RDN). A verification statement is issued to individuals who successfully complete the program in order to be eligible to take the CDR RDN credentialing examination.

Goal	A general statement of what a program must achieve to support its mission. Achievement of a goal should be defined by a series of objectives that logically relate to and support the goal. In nutrition and dietetics education, program goals are generally stated in terms of the impact of the program on graduates and their contributions to the nutrition and dietetics profession.
Individualized Supervised Practice Pathway (ISPP)	Individualized supervised practice experience offered through an ACEND accredited nutrition and dietetics program.
Informatics (see “ <i>Nutrition Informatics</i> ”)	
Institutional Accreditation	The evaluation and accreditation of an institution, usually by a regional or national accreditor.
Interim Report	Narrative and/or statistical report sent by the program between accreditation reviews for the purpose of updating ACEND on progress towards meeting Standards.
Interprofessional Education	Occasions when two or more professions learn from and about each other to improve collaboration and the quality of services provided.
Learning Activities	Projects, assignments, case studies, group activities, etc. designed by an educator or preceptor to engage students in the learning process or that permit interns to demonstrate competence.
Learning Objective	Specific activities and qualitative or quantitative target measures that will be used to assess overall student achievement of knowledge and/or competencies (the expected or desired result).
Learning Resources	Tools and materials (textbooks, study guides, workbooks, computers, software, journals, etc.) that are available to help enhance student learning.
Licensure	A process by which an agency or government grants permission to an individual to engage in a given occupation upon demonstrating that the applicant has attained the minimal degree of competency necessary to ensure that the public health, safety and welfare are reasonably well protected.
Logic	The ability to reason, analyze and construct valid arguments.
Major Program Change (see “ <i>Substantive Program Change</i> ”)	
Managing	Determining how, when and by whom tasks are to be completed and supervising employees to assure they are completed.
Management Plans	Strategies for running a program on a day-to-day basis that relate to achieving or maintaining program goals. Management plans may change from year to year, whereas a program’s mission and goals will remain constant over time.
Mission Statement	A formal statement of an organization’s core purpose and focus that typically remains unchanged over time. Achievement of the mission should be provable by the achievement of goals which are in turn supported by specific program objectives. In nutrition and dietetics education, the mission statement typically distinguishes it from other programs in the sponsoring organization, is compatible with the mission statement or philosophy of the sponsoring organization and states its preparation of nutrition and dietetics practitioners.
National Advisory Committee on Institutional Quality and Integrity (NACIQI)	The committee that advises the U.S. Secretary of Education on issues related to accreditation including the recognition of accrediting agencies such as ACEND.
Nutrition and Dietetics Educators and Preceptors (NDEP)	An organizational unit of the Academy of Nutrition and Dietetics that serves the needs of members who are interested in or engaged in educating nutrition and dietetics practitioners.

Nutrition Care Process	A systematic problem-solving method consisting of four distinct steps: (a) Nutrition Assessment, (b) Nutrition Diagnosis, (c) Nutrition Intervention, and (d) Nutrition Monitoring and Evaluation that are used for critically-thinking through decisions to address nutrition-related problems and provide safe and effective quality nutrition care.
Nutrition and Dietetics Coordinated Program (CP)	An education program that provides the required nutrition and dietetics coursework and at least 1200 hours of required supervised practice experiences to meet ACEND’s core knowledge and competency requirements to become a registered dietitian nutritionist. A verification statement is issued to individuals who successfully complete the program in order to be eligible to take the CDR credentialing examination.
Nutrition and Dietetics Didactic Program (DPD)	An education program that provides the required nutrition and dietetics coursework to meet ACEND’s core knowledge requirements to prepare graduates for a Nutrition and Dietetics Internship Program. A verification statement is issued to individuals who successfully complete the program as evidence of eligibility to apply for a supervised practice experience in order to be eligible to take the CDR credentialing examination.
Nutrition and Dietetics Internship Program (DI)	An education program that provides at least 1000 hours of required supervised practice experiences to meet ACEND’s competency requirements to become a registered dietitian nutritionist. A verification statement is issued to individuals who successfully complete the program in order to be eligible to take the CDR credentialing examination.
Nutrition and Dietetics Technician Program (DT)	An education program that provides the required nutrition and dietetics coursework and at least 450 hours of required supervised practice experiences to meet ACEND’s core knowledge and competency requirements to become a nutrition and dietetics technician, registered. A verification statement is issued to individuals who successfully complete the program in order to be eligible to take the CDR credentialing examination.
Nutrition Informatics	Refer to page 53 of the Academy's Definition of Terms List .
Onsite	The intern or student and preceptor are in the same physical location. For example, telehealth can be considered on-site if the preceptor and student or intern are in person at the same location; however, if the student or intern and the preceptor are virtual, this would not be considered onsite.
People First Language	Language used to speak appropriately and respectfully about an individual with a disability. People first language emphasizes the person first not the disability. For example, when referring to a person with a disability, refer to the person first by using phrases such as: “a person who ...”, “a person with ...” or, “person who has...” A CDC-prepared handout indicates People First Language and Language to Avoid and is found here: https://www.cdc.gov/ncbddd/disabilityandhealth/pdf/communicating-with-people.pdf . An example of people-first language is “A person with diabetes...” rather than “A diabetic...”
People with Disabilities	The Americans with Disabilities Act (ADA) defines a person with a disability as a person who has a physical or mental impairment that substantially limits one or more major life activity. This includes people who have a record of such an impairment, even if they do not currently have a disability. It also includes individuals who do not have a disability but are regarded as having a disability.
Preceptor	A practitioner who serves as faculty for students/interns during supervised practice by overseeing practical experiences, providing one-on-one training, and modeling professional behaviors and values.
Prior Learning Assessment	An evaluation that grants credit or hours of experience for content or skills that the student/intern has previously mastered.

Program	A formal plan of study leading to a degree and/or verification statement that is accredited by ACEND. The six program types are: Foreign Dietitian Education Programs (FDE), International Dietitian Education Programs (IDE), Nutrition and Dietetics Coordinated Programs (CP), Nutrition and Dietetics Didactic Programs (DPD) and Nutrition and Dietetics Internship Programs (DI).
Program Director	The individual responsible for assuring that accreditation standards, policies and procedures are met at an ACEND-accredited program.
Program Evaluation	The analysis and use of data by educators or administrators to make decisions about improvements in a program. This evaluation typically compares the intended results (program objectives) with the actual results (program outcomes).
Program Length	The amount of time in calendar years (months for DI programs) for completion of the program.
Program Objective	A statement of the expected or desired program results that includes qualitative or quantitative measures to evaluate program outcomes.
Program Outcome	The actual result of program activities as measured by the program objective.
Program Reviewers	A group of individuals appointed by ACEND with the task of reviewing program reports and/or visiting programs for the purpose of verifying information in the Self-Study Report.
Qualitative Measure	A subjective measure of quality, i.e., how well students/interns/graduates perform, such as a rating of performance.
Quantitative Measure	An objective measure of quantity, i.e., how many students/interns/graduates achieve an outcome, such as a percentage or number.
Readily Available	When information can be accessed by the public without disclosure of identity or contact information and is no more than three 'clicks' away from the program's home webpage
Regional Accreditor	An agency that accredits institutions of higher education (e.g., colleges and universities). In the United States, the regional agencies (Middle States Association of Colleges and Schools, New England Association of Schools and Colleges, North Central Association of Colleges and Schools, Northwest Commission on Colleges and Universities, Southern Association of Colleges and Schools, and Western Association of Schools and College) generally accredit institutions that are within specific geographic areas.
Regular and Substantive Interaction	Engaging students/interns on a regular basis in teaching, learning and assessment, consistent with the content under discussion, and includes at least two of the following: providing direct instruction; assessing or providing feedback on a student's/intern's coursework; providing information or responding to questions about the content of a course or competency; facilitating a group discussion regarding the content of a course or competency; or other instructional activities approved by ACEND. A regular and substantive interaction between the student and the program director/instructor must be reasonably frequent and consistent (at least once per week; may include advising), primarily initiated by the program director/instructor, related to the dietetic program/course, and provide useful/meaningful information to the student/intern.
Required Element	Subcomponent of the Accreditation Standards that programs must meet to show compliance with the Standard.
Research	An activity that includes all components of the scientific method, i.e., statement of the problem, data collection, analysis and interpretation of results; and decision-making based on results. Activities may include community needs assessment, food science experiments, product development/improvement, continuous-quality improvement activities, or other research projects including master theses and doctoral dissertations.
Role-Playing	A type of alternate experience activity that involves performing a particular role and assuming the attitudes, behaviors and skills expected of someone in that role that can be used to demonstrate competence in a particular area.
Simulations	A type of alternate experience that imitates real situations or processes that can be used to demonstrate competence in a particular area.

Site Visit	The part of an accreditation review in which individuals, appointed by ACEND, visit a program for the purpose of verifying information in the Self-Study Report.
Sponsoring Institution	The organization or entity that is responsible for a nutrition and dietetics program.
Standards	Minimum levels of quality on which ACEND evaluations and accreditation decisions are based.
Student Identified Site	When students are required to find their own supervised practice sites for $\geq 10\%$ of supervised practice hours.
Substantive Program Change	Changes in an ACEND accredited program's administration, structure or other aspects as defined in the ACEND Policy and Procedure Manual.
Summative Assessment	Evaluation of student learning at the end of an instructional unit or program.
Supervised Practice	Planned learning experiences (including activities in professional work settings and alternate supervised experiences such as simulation, case studies and role playing) in which students/interns perform tasks over defined periods of time to demonstrate mastery of ACEND competencies. Learning activities performed by interns that are not typically performed as part of the preceptor's work responsibilities, such as writing papers, completing a study guide or other homework, should not be counted towards fulfilling supervised-practice hours in professional work settings.
Telehealth	Refer to page 59 of the Academy's Definition of Terms List .
Verification Statement	A form completed by the program director, indicating that a student/intern has successfully fulfilled the requirements for completion of an ACEND-accredited program.
Waived Point-of-Care Laboratory Testing (POCT)	A test that is used in a diagnostic setting that is remote from a centralized laboratory facility. Waived testing is laboratory testing that employs specific test methods designated under the Clinical Laboratory Improvement Amendments (CLIA) of the Food and Drug Administration (FDA) as "waived." Waived testing is designated by CLIA as simple tests that carry a low risk for an incorrect result.

APPENDIX B: GUIDELINES FOR USING THE ACEND[®] LOGO

The Accreditation Council for Education in Nutrition and Dietetics (ACEND) is the national agency for accreditation of nutrition and dietetics education programs. The ACEND Logo is the exclusive property of the Academy of Nutrition and Dietetics (Academy) and is protected by law. It may not be reproduced or published outside of the authorized uses listed below without prior written approval from the Accreditation Council for Education in Nutrition and Dietetics of the Academy of Nutrition and Dietetics.

Accreditation Council for Education in Nutrition and Dietetics

"ACEND Logo"

These guidelines are for use by ACEND-accredited programs in nutrition and dietetics wishing to use the ACEND logo to disclose their accreditation status in promotional, advertising, instructional or reference materials, or on their web sites. Any person or entity using the ACEND Logo in whole or in part, acknowledges that Academy of Nutrition and Dietetics is the sole owner of the Logo and agrees that it will not interfere with Academy's rights in the Logo, including challenging Academy or ACEND's use, registration of, or application to register such Logo alone or in combination with other words, anywhere in the world, and that it will not harm, misuse, or bring into disrepute any AND trademark or service mark. The goodwill derived from using any part of an Academy trademark or service mark exclusively inures to the benefit of and belongs to Academy. Except for the limited right to use as expressly permitted under these Guidelines, no other rights of any kind are granted hereunder, by implication or otherwise. If there are any questions regarding these guidelines or any authorized user would like to receive electronic copies of the ACEND Logo please contact an ACEND representative:

A. Authorized Use of the ACEND Logo and ACEND[®] Registration Mark

- 1. Identification as an ACEND-Accredited Degree Program in Nutrition and Dietetics:** An ACEND-accredited degree program in nutrition and dietetics may use the ACEND Logo in printed and electronic formats. Such use must always be in close conjunction with a prescribed statement identifying the name of institution's nutrition and dietetics program and its accreditation status. The prescribed statements, as specified below from Section 2.5 of the Policy and Procedure Manual, should be prominently disclosed by the dietetics program in its promotional and descriptive materials, such as its catalog or bulletin. **The use of the term ACEND[®] shall display the appropriate registration designation, i.e.,[®].**

- a. **Accreditation.** References to a program that is accredited should state only the following:

**Accreditation Council
for Education in
Nutrition and Dietetics**

[Name of Institution]'s [Accredited Program Name] is accredited by the Accreditation Council for Education in Nutrition and Dietetics of the Academy of Nutrition and Dietetics
120 South Riverside Plaza, Suite 2190
Chicago, IL 60606-6995, (312) 899-0040 ext. 5400.
[Http://www.eatrightPRO.org/ACEND](http://www.eatrightPRO.org/ACEND).

- b. **Pre-accreditation (Candidate Status).** References to a program that has been granted candidate status should display the following accreditation statement:

**Accreditation Council
for Education in
Nutrition and Dietetics**

[Name of Institution]'s [Accredited Program Name] has been granted candidate status by the Accreditation Council for Education in Nutrition and Dietetics of the Academy of Nutrition and Dietetics
120 South Riverside Plaza, Suite 2190
Chicago, IL 60606-6995, (312) 899-0040 ext. 5400.
[Http://www.eatrightPRO.org/ACEND](http://www.eatrightPRO.org/ACEND).

A new program that has been determined to be eligible to enroll students or accepting interns as the result of an on-site evaluation visit but has not had a graduating class may be granted candidate status. The granting of candidate status denotes a developmental program, which is expected to mature in accord with stated plans and within a defined time period. Reasonable assurances are expected to be provided that the program may become accredited as programmatic experiences are gained, generally, by the time the first class has graduated. Graduates of a class designated as having candidate status have the same rights and privileges as graduates of an accredited program.

- c. **Probation.** Reference to a program that has been placed in a probationary status should state the following:

**Accreditation Council
for Education in
Nutrition and Dietetics**

The accreditation of [Name of Institution]'s [Accredited Program Name] has been placed on probationary status by the Accreditation Council for Education in Nutrition and Dietetics of the Academy of Nutrition and Dietetics
120 South Riverside Plaza, Suite 2190
Chicago, IL 60606-6995, (312) 899-0040 ext. 5400.
[Http://www.eatrightPRO.org/ACEND](http://www.eatrightPRO.org/ACEND).

For an explanation of probationary status, consult the director of the nutrition and dietetics program.

B. Unauthorized Use of the ACEND Logo

1. **ACEND Logo:** You may not use the ACEND Logo, Academy Logo or any other Academy- or ACEND--owned graphic symbol in connection with web sites, products, packaging, manuals, promotional/advertising materials, presentations or for any other purpose, except as authorized above without prior written approval from the ACEND.

2. **Company, Product, or Service Name:** You may not use or register, in whole or in part the ACEND Logo, Academy Logo or any other Academy- or ACEND-owned graphic symbol or an alteration thereof, as or as part of a company name, trade name, product name, or service name except as specifically noted in these guidelines.
3. **Variations, Takeoffs or Abbreviations:** You may not alter or use the ACEND Logo, Academy Logo or any other Academy- or ACEND-owned graphic symbol as design elements or incorporate them into any other design, graphic or illustration for any purpose.
4. **Disparaging Manner:** You may not use an ACEND Logo, Academy Logo or any other Academy- or ACEND-owned graphic symbol in a disparaging manner or in any manner that would impinge upon the integrity of ACEND or the Academy.
5. **Endorsement or Sponsorship:** You may not use ACEND Logo, Academy Logo or any other Academy- or ACEND--owned graphic symbol in a manner that would indicate or imply ACEND's or the Academy's affiliation with or endorsement, sponsorship or support of a third-party product or service.
6. **Merchandise Items:** You may not manufacture, sell or give-away merchandise items, such as T-shirts and mugs, bearing the ACEND Logo, Academy Logo or any other Academy- or ACEND-owned graphic symbol except pursuant to express, prior written approval of ACEND and/or the Academy.
7. **Website Link:** You may not use the ACEND Logo to link to a website.

APPENDIX C: ACEND DOCUMENT RETENTION PROCEDURES

A. VERIFICATION STATEMENTS AND TRANSCRIPTS

1. **Verification Statements for Program Graduates:** Verification statements must be signed in an ink color other than black, or with a digital signature that can be authenticated and does not expire. If signed electronically, the verification statement must be saved as a locked PDF after signing to prevent future modifications. As soon as possible after program completion, program graduates should be issued six paper copies or provided a copy via email with an authenticated digital signature, which is the most secure method, or a hand-signed copy scanned in color. ACEND requires that accredited programs retain indefinitely all verification statements that they award. Verification statements may be stored in hard copy or electronically. If documents are stored electronically, they should be scanned and transmitted in color or with an authenticated digital signature so that authenticity can be verified.
2. **Transcripts for Program Graduates (CP, DT, DI granting graduate degree, DPD, FDE):** All programs must have available for review during accreditation site visits final transcripts, for graduates from the past seven years, that state the degree and date conferred or a letter from the registrar or dean confirming the individual met all academic degree requirements and financial obligations and is cleared to graduate. They can be stored in hard copy, online through the university system or in CDR's Registration Eligibility Processing System (REPS). On site, ACEND program reviewers do not need to see "official" transcripts, only transcripts that are not marked as "unofficial" per CDR requirements. Refer to Question 4 at <https://www.cdrnet.org/reps-faq>
3. **Nutrition and Dietetics Internship Admission Documents:**
 - a. The following must be provided by each intern before they begin the program.
 1. A signed DPD verification statement. An original paper copy of the verification statement or color electronic copy is acceptable.
 2. An official transcript stating the degree and date conferred. A transcript submitted through DICAS may be used, if it is an official transcript and includes the date the degree was awarded. Alternatively, the following can be used provided the degree conferral date precedes the date of the start of the internship: a letter on university letterhead from the registrar or dean confirming the individual has met all financial obligations and academic degree requirements, including thesis if applicable, and stating the date the degree was conferred.
 - b. The following must be retained for seven years by the DI Program and available for review for current interns and graduates.
 1. The DPD verification statement
 2. Evidence of degree conferral from a regionally accredited institution
 - a. If these documents have been uploaded into REPS, the program may access them through REPS for accreditation review, if needed. However, documentation for the current class of interns that has not been uploaded into REPS should be retained until they have been uploaded. After CDR and ACEND requirements have been met, transcripts and verification statements of admitted students should be stored or destroyed according to institutional policies.
 - b. For individuals with a degree from an institution outside the US, a Foreign Degree Equivalency statement from an Independent Foreign Degree evaluation agency approved by CDR confirming the graduate's degree is equivalent to at least a master's degree from a US regionally accredited college or university can replace the official transcript.

B. COMPLAINTS

1. The program must maintain a chronological record of complaints from students and others, including the resolution, for a period of seven years.

C. OTHER DOCUMENTS

1. ACEND does not prescribe the additional documents that the program must retain. However, the program needs to retain sufficient evidence to demonstrate ongoing program evaluation and curriculum assessment, compliance with the standards and adherence to program policies. Each program needs to determine what evidence will best document these practices of the program and support the information provided in the next self-study report.

Programs should consider retaining documents such as completed surveys, meeting minutes, advising documents, applications for admitted students, assessment of prior learning documents and meeting minutes for the seven-year period since the last review to have available onsite during the site visit review. In addition, programs should consider retaining copies of syllabi, student files, examples of projects,

tests and evaluations, orientation and training records and affiliation agreements for at least the past several years to have available onsite during the site visit review. Records may be stored electronically. For the documents that are more than seven years old, the programs should follow the institution's record retention policy.

APPENDIX D: 2022 ISPP GUIDE FOR REPORTS

An Individualized Supervised Practice Pathway (ISPP) is considered a pathway within an ACEND-accredited Dietetic Internship (DI) program, Coordinated Program (CP) or Didactic Program in Dietetics (DPD). If you are approved to have an ISPP, you will be expected to report on the ISPP at the time the program’s next report is due.

- Didactic Programs in Dietetics with an ISPP must use the “DPD-ISPP Self Study Report Template” ensuring both the DPD and the ISPP information is reported.
- Coordinated Programs and Dietetic Internships with an ISPP must use the corresponding Self-Study Report Template for your program type ensuring all information below is included for your ISPP.

All Guidance Information and Templates are available on the ACEND website under 2022 Accreditation Standards at [2022 Standards](#). Please contact your ACEND program manager if you have any questions.

Key Standards with descriptions that need to be addressed in regard to the ISPP during your self-study report:

Standard	Description
Standard 1, Required Element 1.3	Describe resources for the ISPP, including administrative and financial support, learning resources, physical facilities and support services.
Standard 1, Required Element 1.4	<ol style="list-style-type: none"> 1. Admits only individuals who have a verification statement from a Nutrition and Dietetics Didactic Program (DPD) or Foreign Dietitian Education program (FDE) and have earned at least a doctoral degree granted by a U.S. regionally accredited college/university or foreign equivalent, and/or 2. Accepts individuals with doctoral degrees without a DPD verification statement.
Standard 1, Required Element 1.6	The program must address Standard 1, Required Element 1.6, providing information on the number and breakdown of supervised practice hours for the ISPP using template titled “Planned Supervised Practice Hours.”
Standard 2	<p>Although the ISPP does not need to have its own mission and goals, the program must ensure that the current program goals reflect the ISPP and reflect the impact of the program on ISPP graduates. All DPD-ISPP programs must add the following objectives for ISPP graduates only:</p> <ul style="list-style-type: none"> • Graduate Employment: “Of graduates who seek employment, at least ___ percent are employed in nutrition and dietetics or related fields within 12 months of graduation”. • Employer Satisfaction: develop an objective for employer satisfaction with graduate’s preparation for entry-level practice. <ul style="list-style-type: none"> ○ An objective stating “The program’s one-year pass rate (graduates who pass the registration exam within one year of first attempt) on the CDR credentialing exam for dietitian nutritionists is at least 80%”. <p>The program must include all program goals and objectives including the ISPP specific objectives using the template titled “Program Evaluation Plan” (Required Elements 2.1 and 2.2). ISPP outcome data must be listed separately, and when provided for review, the data and actions must be included in a separate analysis for each pathway.</p> <p>Note: Programs typically receive a separate report from Pearson VUE related to your ISPP pass rate. Although pass rates for the main program and ISPP are tracked separately, the program must review their program’s pass rate with the ISPP pass rate. Contact your ACEND manager if you have questions.</p>
Standard 3	<p>The program must map its curriculum around ACEND’s Core Knowledge and Competencies using sound educational methodology to prepare graduates to enter dietetics practice in any setting and produce optimal client or patient outcomes.</p> <p>The following templates must be included as separate ISPP templates for DPD-ISPP programs:</p> <ul style="list-style-type: none"> • “CRDN Curriculum Map” (Required Element 3.1/3.2)

Standard	Description
	<ul style="list-style-type: none"> • “RDN Summary of Learning Activities” (Required Element 3.3) <p>A sample rotation schedule and all supervised practice course syllabi or rotation descriptions showing course objectives and learning activities with associated competencies must also be included.</p>
Standard 4	<p>The program must continuously assess student achievement of required core competencies. The program must collect and analyze aggregate data on student core competency attainment. DPD-ISPPs must submit the template titled “RDN Core Competency Assessment Table” (Required Elements 4.1 and 4.2) as a separate ISPP template.</p>
Standard 5	<p>The program must have a sufficient number of qualified faculty and preceptors to provide the depth and breadth of the learning activities required in the curriculum and exposure to diversity of practice.</p> <p>The following templates must be included as separate ISPP templates for DPD-ISPP programs:</p> <ul style="list-style-type: none"> • “Preceptor Roster” (Required Element 5.1) • [OPTIONAL] “Preceptor Qualifications” (Required Element 5.3) <p>The program must also discuss the process for periodic review of the effectiveness of faculty and preceptors and how the program orients faculty and preceptors to the program’s mission, goals, values and educational philosophy.</p>
Standard 6	<p>The program must have policies and procedures to maintain written agreements with institutions, organizations and/or agencies providing supervised practice experiences to meet the competencies used within the ISPP. The policies and procedures must address the selection and periodic evaluation of adequacy and appropriateness of facilities, to ensure that facilities are able to provide supervised practice learning experiences compatible with the competencies that students/interns are expected to achieve.</p>
Standard 7 and Standard 8	<p>The program must ensure that prospective students, the public and interns are getting the appropriate and accurate information about the program and ISPP. Address any of the standards and guidelines on students/interns and include any additional materials, such as website pages with information to the public about the ISPP, handbooks with ISPP specific policies and procedures, including ISPP admission and completion requirements, tuition/costs and policy for issuing verification statements. If interns are required to locate their own supervised practice sites and/or preceptors, requirements for this must be described.</p> <p>Note: Programs must submit any specific ISPP related materials such as ISPP Handbooks, marketing materials, etc.</p> <p>The program must submit templates titled “Information to the Public” (Required Element 7.3) and “DI and ISPP Policies and Procedures Checklist” (Required Element 8.1 and 8.2).</p>
