

Coordinated Program (CP), Graduate Program (GP), and Individualized Supervised Practice Pathway (ISPP)

Application Deadline Recommendations 2022-2023

Reminders:

- Only Dietetic Internship Programs (DI) participate in the computer matching process through D&D Digital. DI programs must follow the computer matching calendars and deadlines posted [here](#).
- ISPPs must only accept their DPD-Verification Statement applicants after the first-round match occurs as those ISPPs are for those who have participated in the match at least once and were not matched. ISPP-accepted doctoral prepared applicants must follow their approved application process.
- CPs and GPs can set their own application and acceptance deadlines according to their institution and program policies.
 - It is recommended that CPs and GPs accept applicants in a manner that supports the applicant who may be applying to a variety of program types, including if they are also applying to programs that require participation in the match.

Below is guidance for CPs, GPs and ISPPs to use when considering acceptance of applicants.

Date	Action
October 4, 2022	DICAS Application portal opens to any supervised practice program (DI, CP, GP, ISPP Doctoral) to accept applications.
February 1, 2023	DI programs participating in the preselect option for the computer match must notify applicants of acceptance to the program.
February 15, 2023	Deadline for applications to DI programs.
Before March 27, 2023	CPs and GPs should consider accepting applicants before this date (or after April 4 th) allowing applicants to withdraw from the match, if desired
March 27, 2023	Deadline for those applicants who are applying to a DI to withdraw from the D&D computer match process or remove individual DI programs from their pool.
After April 3, 2023	CPs and GPs should consider accepting applicants after this date as this is the date applicants accept or decline their DI match.
On or After April 5, 2023	ISPPs can begin accepting applications from their non-matched DPD Verification statement applicants.
April 5, 2023 (after 11:00am CT)	A list of applicants not matched to any program may be provided to Coordinated Programs in Dietetics (CP), Individualized Supervised Practice Pathway (ISPP) and Future Education Model Graduate Programs (GP) only upon request to D&D Digital.
